## ZAQ Celebrates Its 50th Anniversary With Glittering Gala

On Sunday August 6, 2017, the Zoroastrian Association of Quebec (ZAQ) held a grand, sold out, Gala Event celebrating its 50th Anniversary of serving the Zoroastrian community of Quebec. The crowd enjoyed a grand evening filled with honors, recognitions, fond memories and lively entertainment.

FEZANA congratulates ZAQ for celebrating this milestone event – a first for the North American Zarathushti community.

As part of the evening's festivities, ZAQ bestowed the honor of the Lifetime Achievement Award to Dolly Dastoor for her tremendous support and dedication to the Zoroastrian community of Quebec and beyond, and for her many outstanding achievements, both professionally and within the Zoroastrian community. Among her many other stellar contributions, Dolly Dastoor served as President for ZAQ four separate times and has had an active role in FEZANA as past-President of FEZANA and current Editor-in-Chief of the *FEZANA Journal*, and chair of the FEZANA Academic Scholarship Committee.

## Zoroastrian Shop Now Open

### Message from the FEZANA Infrastructure Development Committee

Infrastructure is the life blood of any society, and so it is with our North American community. Thirteen infrastructure needs have been currently identified, one of which is the establishment of a “**Zoroastrian Shop**” to supply basic items used in the practice of our faith. As an immigrant community several volunteers had stepped up to fill this need in the past as a service to our community to whom we are beholden. Now that we are a settled community it behooves us to establish permanent structures, the Z-Shop being one. The FEZANA Executives have seen this to be an essential ingredient of our life in North America and consented to allow the operation of the Z – Shop on a trial basis.

Initially we have stocked the shop with some basic items -- sudrehs, kushtis, caps, prayer books, sukhad, lobban, wicks etc. Dependant on the success of this trial the Shop will be expanded to include other items, such as ses, muktad vases, diva, farohars and more.

#### Ordering information

To order online, please visit <https://fezana.org/product-category/z-shop/> or go to [www.fezana.org](http://www.fezana.org) and click on “Zoroastrian Shop.” Payment may be made online by credit card, and orders will be shipped to you, or you may pick up from the FEZANA Office in Chicago and pay on delivery.

#### Grateful Thanks

This project would not have been possible without the generous assistance of **Dinshaw Tamboly** (WZO – Trust, India) who donated and arranged for the supply of the entire initial stock of items. From the sales of this initial stock, we will be able to perpetuate the Shop. Your indulgence will be appreciated.

We are also deeply grateful to:

**Pesi Vazifdar** for researching and preparing guidelines and procedures for the Z-Shop and for donating a steel cupboard to store the supplies.

**Zoroastrian Association of Metropolitan Chicago** for providing storage space at the Arbab Rustom Guiv Darbe Mehr, Chicago. This is a temporary measure until space is available in the FEZANA Administrative Office.

**Rohinton and Roshan Rivetna** for bringing the initial stock of supplies from Mumbai to Chicago.

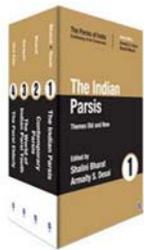

FEZANA President **Homi D. Gandhi** for supporting this project on a trial basis.

FEZANA vice president **Arzan Wadia** for his support and setting up the online ordering system on the FEZANA website at [www.fezana.org](http://www.fezana.org).

FEZANA Administrator, **Zenobia Damania**, for managing the shipping and accounting of the orders. □

## BOOK AWARENESS

***The Parsis of India:  
Continuing at the Crossroads***  
4 volumes, edited Armaity S  
Desai, Shalini Bharat, Narayan  
Lata, and Raju S. Siva,  
New Delhi, India;  
Sage Publications India, 2017

The Parsis of India is the first comprehensive analysis of the Parsi community and its demographic decline with a pan-India focus. It brings together scholarly articles and empirical work from multiple locations using the mixed method research approach and addresses key concerns impacting the demography of this ethno-religious minority. Extensive in scope and investigative in analysis, this is the only major socio-psychological work in over a decade on the dwindling Parsi community. The series will be useful for academicians, researchers and policy-makers interested in the Parsi community in particular, and in minority communities in general. It will also serve as a handy reference for the community and its leadership.
